Hello Irene,

Dan has forwarded me your question regarding the RMD. We do not have any plans to extend the June 4, 2011 deadline described in the RMD.

Please let me know if you have any further questions about the RMD.

Regards,

Hello Dan,

I emailed to you yesterday the master labeling for EPA Reg. No. 5042-33 incorporating the Risk Mitigation language.

According to the RMD , the last day to ship product without the risk mitigation language is June 4, 2011.

Is this deadline going to be extended?

RCO International will make the revisions to the label once it receives the EPA stamped approved labeling but since the deadline is fast approaching, I was concerned about compliance with the deadline.

Thank you,
